Mr. Sidney B. Lusignan, son of our fellow-townsman, Mr. Clovis Lusighan, writes to us from El Paso, Texas stating that he desires the COMET forwarded to his address at Mansura, La., where he is the agent for the Texas and Pacific railroad. The young man is now enjoying a vacation for the benefit of his health, his trip extending into Mexico, California and Colorado. We are glad to see that he is prospering and enjoying life.

Mr. and Mrs. Norbv Roth returned to Thibodaux last Monday from New Orleans, where they spent their honey moon—that is the first part of it—as it is still holding swav. Though married away from this town they had the pleasure of seeing a number of pretty and valuable wedding presen's awaiting them upon their arrival here. The best we can wish for them is that their honey-moon may have no end.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, but, dri sh, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizzin ss, irregular heart, debility, drowsiness, dropsy, deposit in the urine, etc.

But if you keep the filters right you will have no trouble with your kidneys.

P. A. Demouade, living on St. Philips St. Thibodaux, La., says: "A pain in my back at times on one side of the spine and then on the other caused me a great deal of suffering for a number of years. The kidney secretions were annoying during the day, and night my rest was disturbed from three times to four times. If I did my work the required stooping or any strain on the muscles of my loins the trouble would be aggravated. Doan's Kidney Pills, procured at Roth's drug store, helped me in every way, and to say I was well pleased with the results that followed their use is mildly expressing it. Doan's Kidney Pills corrected the action of my kidneys, banished the backache and removed every inconvenience. The merits of Doan's Kidney Pills should be heralded far and wide."

PITTMAN-CUTLER.

One of the most interesting events of the past week was the wedding of Miss Ella May Cutler and Mr. Joe Ernest Pittman, on Wednesday morning, July 15, at the bride's residence in New Orleans.

Only the relatives and most intimate friends of the contracting parties were present to witness the impressive ceremony which was performed by Rev. A. Gordon Bakewell, of Trinity Church. Many handsome presents were received, one of which was a silver butter bowl and knife from the pupils of the Beauloin-Foret school, of which institution Miss Cutler served as principal two sessions. An informal reception was held and Mr. and Mrs. Pittman left on the evening train for their home at Choctaw, midst showers of congratulations and rice.

Ed. George, a printer in Baton Rouge, who about two weeks ago stabbed a newspaper man, because the latter was paying attention to a young lady in the office of the Daily State, has already been tried, found guilty and sent to the penitentia y for three years. Justice seems to be dispensed hurriedly in Baton Rouge.

Grateful Report.
Hartleboro, N. C. Jan. 23, 1907.
DR. H. SANCHE & Co.,
Dear Sirs:—I have had the No. 1 and No. 2 Oxydonors, and have been using the former for the past fifteen years. I can truly say that it does all you claim for it and I would not give my instrument for its weight in gold.
Oxydonor was used with success for Malaria and Fever after Morphine failed to do so. Have also used it with perfect success in the treatment of Carbuncles, Typhoid, Yellow and Bilious Fever, Erysipelas, and other diseases, it never fails.
I recommend it to others who I think need it, and I never intend to be without one myself.
Yours very truly,
J. H. LANDER.
