GREAT COTTON FIRE CASE DECIDED.

The Suit of S. Gumbel & Co. Against the I. C. Road

Decided Against the Plaintiffs by Judge Theard.

A Suit Involving Several Hundred Thousand Dollars.

Demurrer in the Case of Councilman Clark in the Criminal Court—Other Court Matters.

Judge Theard yesterday passed upon the case of S. Gumbel & Co. vs. the Illinois Central Railroad Company, which has been under advisement for some time, giving a judgment in favor of the defendant company and rejecting plaintiffs' demand. The suit was for several hundred thousand dollars damages for cotton destroyed in the great fire which took place on the river front about two years ago and destroyed thousands of bales of cotton. It was claimed by the plaintiffs that the fire was caused by sparks emitted from one of the locomotives of the defendant company, and also that there had been negligence on the part of the railroad company. Judge Theard gave oral reasons for his judgment, holding that the plaintiffs had failed to make out their case.

SUCCESSIONS.

The successions of Lewis Axson and Margaret Walsh, widow of Frederick Weinmann, were opened yesterday.

NEW SUITS.

Dr. C. B. Dupre vs. J. H. Synder et al.—Suit for $187 13 and confession of judgment.

Joseph Angiada and wife vs. Canal and Claiborne Railroad Company.—Suit to annul a receipt in settlement of above claim.

Doggett Dry Goods Company vs. O. F. Street.—Suit for $104 96 on open account.

Joseph N. Wolfson vs. Thomas Henry.—Suit for $500 on a claim.

Edward B. Bruce vs. C. G. Peters.—Suit for $102 38 on a claim.

Ignatius Heck vs. Louisville and Nashville Railroad Company, and Canal and Claiborne Railroad Company.—Suit for $15,000 damages for the loss of plaintiff's son, who was killed through the defective and badly constructed crossing at the corner of Elysian Fields and St. Claude streets.

Criminal District Court.

ARGUMENT IN THE BRIBERY CASES.

The demurrer in the case of the state vs. Councilman Clark was not argued yesterday, but was postponed until today, as the district attorney asked leave to file a joinder to the demurrer. He was allowed by the court to interpose the joinder, which is merely an averment that the indictment under which the accused is to be tried was and is sufficient in every respect for the purposes of trial.

The judges of this court will sit en banc to-day in section B to hear arguments on motions to quash in seven bribery cases. The judges will endeavor to dispose of every dilatory motion this month in order to be ready to try these cases in October.

Judge Ferguson arraigned the following accused yesterday, and they pleaded not guilty:

Henry D. Pickett, petty larceny; Mary Breen, libel; Robert Johnson, alias Bill Draws, George Doyle, assault and battery; Camille Williams, wounding.

A nolle prosequi was entered in the case of the state vs. Fred Brewer, Jr., accused of assault and battery.

The trials of James Van Horn, wounding, and Louis Johnson, petty larceny, have been indefinitely postponed. John Smythe pleaded not guilty to charges of burglary and grand larceny.

The jury commissioners and the officers of the court are hard at work preparing the summonses and the papers for selection of the venire of jurors for next month.

Recorder E. S. Whitaker, against whom charges of embezzlement of public moneys are still pending, obtained yesterday from the court, with consent of Mr. Sam Henderson, his bondsman, leave of absence for thirty days.

First Recorder's Court.

(Recorder E. S. Whitaker presiding.)

Florian Turner, a fugitive from Pass Christian; Charles Baron, for assault and battery on Mrs. Charles Baron, and Thornton Taylor, a suspicious character, were placed under appearance bonds.

Joseph Coltraro, charged with outraging Miss Lillie Arms, was remanded to the parish prison without the benefit of bail.

Walter Newman, a suspicious character, and Westley Griffin, for disturbing the peace, were fined $20 or 30 days each.

George Tepell, for being drunk, disturbing the peace, using obscene language and resisting arrest, was fined $20 or 60 days.

Charles Murphy, for assaulting and wounding Mike Clifford, was sent before the criminal court under $500 bonds.

Fred Carlisle, for petty larceny, was sent before the criminal court under $250 bonds.

Sadie Brown, for assaulting and wounding Cecile Hall, was sent before the criminal court under $1000 bonds.

Powel Heel, John Rigney and John Bennett were fined $5 each for fighting.

Second Recorder's Court.

(Recorder A. M. Aucoin presiding.)

Irene Armstrong, lewd, $10 or 30 days.

Mrs. Johanne Smithy, disturbing the peace, $25 or 30 days.

Mamie Reary, lewd, $5 or 30 days.

George Carapatakis, disturbing the peace, $100 appearance bonds.

Mrs. Charles Russell, alias Estelle Russell, charged by Lilly Plessy with stealing $122 20, was sent to the criminal district court.

Taylor Smith, 5046, sent to the house of refuge.

Edward Jeffercy, alias Voudou, entering in the night time and petty larceny, was sent before the criminal district court.

Sixth Recorder's Court.

(Recorder Hugh Cain presiding.)

Willie James, jumping on trains, $5 or 5 days.

Louis Williams, assaulting and wounding, $500 appearance bonds.

Pauline Vincent, assault and battery, $250 appearance bonds.

Andy Ervine, George Autsey, cruelty to animals, $250 appearance bonds.

LIEUTENANT W. H. GORDON.

The New Professor of Military Tactics at the Louisiana State University.

LIEUTENANT W. H. GORDON.

Lieutenant Walter H. Gordon, of the Eighteenth Infantry, U. S. army, who was recently assigned to duty at Baton Rouge, La., as military instructor in the Louisiana State University and Agricultural and Mechanical College, arrived in this city yesterday en route to his post of duty. He succeeds Lieutenant E. B. Benton, who has filled that position admirably during the past few years, and who, under rules of the army, rejoins his regiment.

Lieutenant Gordon has a brilliant record. Born in Wilkinson county, Miss., June 24, 1863, he removed to Louisiana with his parents in 1866, locating on the Atchafalaya river in the parish of St. Landry, where his parents still reside. Lieutenant Gordon was partially educated at St. Charles College, Grand Coteau, La., attending schools there during the years 1876, 1877 and 1878. From there he went to Virginia in 1879 and remained three years, during two of which he was at Bellevue High School, and during one at the Locust Dale Academy.

Lieutenant Gordon entered West Point in June, 1882, having been appointed to the United States Military Academy by the Hon. E. W. Robertson, member of congress for the Sixth district, and graduated four years later. He was commissioned second lieutenant in the Twelfth Infantry on July 1, 1886. His service in the army was an active one, first at Madison barracks, on lake Ontario, for about a year and then on the Sioux reservation, at Fort Yates, North Dakota, for nearly three years and a half.

He was next ordered to the United States Engineering School at Willet's Point, New York, for instruction in the service of torpedoes and submarine mines, as applied to harbor defense, and remained there for ten months.

He returned to his regiment and did duty with it in Kansas for a year and a half. He was promoted to be first lieutenant in the Eighteenth Infantry in November, 1892. In June, 1893, he was ordered for duty at the world's fair in Chicago, where he remained until this spring, when he rejoined his regiment at Fort Bliss, Texas.

With such a career to his credit, Lieutenant Gordon is most admirably qualified for the discharge of the important duties assigned to him at Baton Rouge and he will certainly become popular with the cadets of his state.

THE SCHOOL TERM.

Scholarship in the Peabody Normal Institute Awarded.

Everything is in readiness for the reopening of the public schools Monday next. The academic examinations which had been in progress in the assembly-room of the school board for the past several days were concluded yesterday. They were thorough, searching and satisfactory, and the results as to percentages will be made known within the next few days. At to-night's meeting of the school board the results of the French examinations will be made known. This is made necessary by reason that the assignment of two new French teachers will devolve upon the board to-night. The schoolhouses have been cleaned up and renovated where found necessary, so that Monday morning the public will again see "the whining school boy with his satchel and shining morning face, creeping like a snail unwillingly to school."

Two of New Orleans' most cultured young ladies have secured scholarships in the Peabody Normal School, Nashville, Tenn. They are Miss Augustine Aurianne and Miss Agnes Hynes. This renowned institution of learning will resume its course in September. Its scholarships are most eagerly sought after, for from its walls come forth some of the best informed teachers in this country, whose services are ever in demand. There are at present in the local schools three teachers who were graduated from this institution: Miss Maggie Hanson, teacher of English in McDonogh High School No. 3; Miss Minnie, teacher of methods in the same school, and Miss Ida Barrow, who is in charge of the drawing department of the Girls' High Schools.

There were six vacancies in the scholarships from Louisiana, and as two were from New Orleans Miss Hynes and Miss Aurianne proved to be the successful competitors.

Miss Augustine Aurianne was born in this city in 1876. Her career as a schoolgirl has been a continued series of successes and triumphs. She entered McDonogh No. 15 in the first grade, and soon won several medals while in attendance there. Thence she passed to the High School in 1890, receiving the Peabody medal for entering first from the Second district. She passed first from the junior to the intermediate class, receiving the Alumni medal, another one of which she subsequently received for passing first from the intermediate to the senior class. Miss Aurianne was graduated from the High School in 1893, again wining the Alumni medal for the best essay, her subject being "Language."

She then attended the Normal School, from which she was graduated, fifth out of a class of forty-three.

None the less brilliant has been the scholastic career of Miss Agnes Hynes, who was also born in this city in 1875. After distinguishing herself during an excellent preparatory course she entered McDonogh High School No. 3 in 1890, whence she was graduated with the first honors of the '93 class, receiving the Peabody and Alumni medals. She then attended the Normal School, and was graduated in 1894, with high honors.

The scholarships in the Peabody Normal School at Nashville awarded these young ladies comprise a two year course. In accordance with the provisions of the Peabody fund, this, in conjunction with transportation to and from Nashville is furnished them free, and they are moreover furnished each with $100 in cash for their expenses.

THE FIRE BOARD DISCUSSES BONDS

Which Will be Required to be Revised,

The Report of the Chief Touches Electric Cars,

Suggests the Erection of an Alarm Bell on Canal Street.

Commissioner Pitot Refutes the Charge of Extravagance—Buildings Deficient in Fire Escapes.

The board of fire commissioners met last night in the city hall. Mayor Fitzpatrick presided, and those present being Commissioners De Grange, Pitot, Simpson, Cason, Kuhner, Gauche, Barker and Meister. Secretary Farrell, Dr. Schmittle and Acting Chief Lynch were in attendance. The commissioners discussed the changes liable to be made in the method of filing bonds in the service by the erection of the board into a state institution. Commissioner Pitot, as chairman of the finance committee, inquired if all bonds now entered on the books should be indorsed and suffered to stand, or if new bonds would be required. It appears that the men are required, under the new law, to give bond for $500. The mayor explained that the council had adopted a resolution making all bonds properly given valid after the reorganization of the board. Mr. De Grange moved that all the bonds properly filed should stand, but that an examination of the books be made with a view to ascertain all derelicts. The latter will be compelled to furnish bond.

The committee on civil service was in the same connection authorized to revise the roll of supernumeraries.

The report of Chief O'Connor for July was read. It showed 24 fires in the month, the aggregate damage being $12,780, and the estimated insurance $69,730. In concluding his report the chief says:

"With the advent of electricity as a motive power for propelling street cars. and considering their increased rate of speed and the possibility of accidents occurring on the narrow streets in case of fire, I would suggest that a large alarm gong be placed on the neutral grounds at the intersection of Canal and Dauphine streets, that those in charge of cars may be warned when there is a fire, so that the necessary precaution may be taken, thus avoiding accident and delay to this department.

"I have made the following assignments: James Mally, to be pipeman of engine company No. 2; G. H. Koenig, to be ladderman of hook and ladder company No. 1; Philip Hield, to be pipeman of engine company No. 17."

The suggestions contained in the chief's report were referred to the commissioner of police and public buildings.

Acting Chief Lynch presented the following report of the departmental work during the period ending Sept. 13:

"The department has responded to twenty-five fires and alarms, with an estimated loss of $13,623, and insurance $82,490. On Aug. 28 I received the engine 21 from Messrs. Kelly & Grady, boilermakers, and placed the same in service by authority of Commissioner J. H. De Grange, chairman committee No. 2. I had the boxes in the wheels of 10's hose cart repaired and leaf in spring of hook and ladder No. 4.

Assignments of Supernumeraries—Joe Beaulieu, pipeman engine 13; H. Broussard, pipeman engine 14.

"Transfers—Lieutenant John Fannin, from engine 8 to engine 7, as pipeman.

"I also call your attention to the vacancies of captain on engines Nos. 4 and 17."

The board took cognizance of the delay of engine 26 in going to a fire on Tuesday morning, it appearing that the engine waited five minutes after seeing a fire, while the alarm was being struck, and was then further detained five minutes by an accident to the harness. The chief was ordered to investigate.

A report was submitted by Secretary Farrell, showing that $3251 90 was credited to the benefit fund of the department, the receipts from the recent ball game aggregating $1208 90, with a number of returns still to be received. The thanks of the board were formally extended to all who had assisted in the ball game.

Captain Ryner, of engine 4, was chosen to be senior captain of the Third fire district.

Lieutenant Luke Fleming was elected captain of engine 4, vice Captain Flynn, dismissed.

Lieutenant Charles Buehler was promoted to be captain of engine No. 17.

On motion of Mr. De Grange, full pay was granted to Chief O'Connor for the month during which he was absent from the city on a vacation rendered necessary by failing health.

Commissioner Pitot reported on behalf of the finance committee, drawing attention to the fact that the department was now paying $92 per month for rented quarters. He said under section 7, act 83 of 1894, that the city was obliged to defray all the expenses for quarters. Mr. De Grange accordingly moved that the board request the city council to assume this monthly charge, heceforward. Some discussion ensued, in which Mr. Pitot alluded to the charges which had been circulated against the board, with relation to the excess on last year's expenses of about $9000 over the budget. He said that the board was getting along nicely inside the limit set by the members for their expenses, but citizens and the underwriters applied to them for additional protection, which they showed to be almost imperative. The board therefore invested in four additional companies, several chemical engines, a water tower and considerable new equipment, all of which was in excess of the amount required to be expended. He showed that, had these expenses been avoided, the board would have escaped from the necessity to exceed the budget $9000, and have economized on the year almost $23,000. He therefore thought the charge of extravagance entirely unjustified. As the board had no funds to spare, he felt that the item for rents, should, in view of these facts, be assumed by the city.

Mr. De Grange's motion was then agreed to.

Chief O'Connor reported at length on the condition of the hose, and presented a report on the brick houses in the business part of the town which were not provided with fire escapse, or which did not have fire escapes sufficient in number or size. Among the buildings which he mentioned were. The Hotel Royal, no escape; Hotel Victor, 2; Cosmopolitan Restaurant, none; Cosmopolitan Hotel, 4; Hotel Grunewald, 3; Lane Cotton Mills, 1; Leland University, New Orleans University, Louisiana Retreat, Home for Aged and Infirm, Hotel Denechaud, none.

The following premises were designated as being among those which were either without or deficient in fire escapes:

No. 34 Decatur, 7 Clinton, 36 Decatur, 38 Decatur, 40 Decatur, 11 Clinton, 44 and 46 Decatur, 25 Bienville, 33 Bienville, 35 Bienville, 37 Bienville, 48 Chartres, 45 Chartres, 42 and 44 Chartres, 40 Chartres, 16 Chartres, 83 and 87 Camp, 70 Camp, 68 Camp, 62 Camp, 60 Camp, 55 and 57 Camp, 28 and 30 Camp, 31 and 33 Camp, 42-46 Baronne, 14-22 Baronne, 126 Canal, 124 Canal, 103 and 105 Gravier, 66 and 68 Canal, 72 Canal, 70 Canal, 80 Canal, 82 Canal, 98 Canal, premises at the corners of Magazine and Canal, and Julia and Magazine, and three corners of Magazine and Common.

Among the premises either without fire escapes or deficient in these protections are the buildings occupied by the American News Company; Pinski, Nick & Co.'s pants factory; Heidenheim, Levy & Co.; Picard & Kottwitz; Rice, Born & Co.; B. J. Montgomery; M. F. Dunn, Times-Democrat, Aikens & Gillen, T. Fitzwilliams, H. Haller & Co.; J. G. Grant; S. J. Katz & Co.; L. Graham; S. Hernsheim's cigar factory; F. F. Hansell, H. B. Stevens; E. C. Fenner's carriage house; Wm. Richardson, Jaubert Bros.; Wolf & Marks; Simon & Kohn; H. Stern & Co.; Moses Lobe & Co.; B. Rosenberg & Co.; Levy, Lobe & Co., and Keiffer Bros.

Mr. Barker made a motion to the effect that as the new law requires the commissioners to investigate the origin of all fires, and investigate all which are attended by suspicious circumstances, the chief should be directed to furnish each commissioner with reports of all fires on the day they occur.

This was referred to the committee on rules and regulations, with directions to find the best mode of complying with the law and report thereon.

THE IMPEACHMENT SUIT.

The First to be Filed in the Civil Court To-Day.

The preparations of the Citizens' Protective Association for proceeding with the impeachment of the mayor have been completed. The petition is prepared, and will be filed in the civil district court today by the attorneys of the association, in commemoration of the 14th of September, 1894.

The association met last night at the residence of Felix J. Dreyfous, on Jackson avenue, and the final work was done and the important document was read over and approved.

President George W. Young said that the petition was a very long one, and had been very carefully prepared and was finally approved by the counsel. It is a document which will be historical in the courts of the state. When it has been filed in the court it will be allotted to some one of the five judges, and the attorneys have the assurances that it will come up for hearing very promptly, in fact, in precedence to other cases. The vacations are now over, and there is no reason why it may not be set for hearing at once.

The association is well satisfied with the result of its work so far, and only those who are familiar with what has been done have any idea of the enormous amount of work which has been required to get together and sift and prepare the large amount of evidence on hand.

CRUELTY TO MULES.

Special Agent McQuade Proves His Usefulness.

Yesterday morning, at 10 o'clock, Special Agent McQuade, of the S. P. C. A., and Officer Lorenzo, of the fifth precinct police station, arrested two negro teamsters who were working four animals hitched to gravel wagons on Poland street, near North Rampart.

These unfortunate mules are the property of Mr. James Parker, contractor, residing on Napoleon avenue, between Baronne and Dryades, and who was placed under a heavy bond by Judge Aucoin but two days ago, charged with cruelty to animals. Three out of the four mules have running sores on their neck and legs, and are altogether in an unfit condition to work.

The proper affidavits were made out against the owner and drivers at the sixth recorder's court immediately after the arrest.

The special agent also made two affidavits against the authorities of the Rampart and Dauphine line of cars, charging them with cruelty to animals, by working animals on those roads that are worn out and totally unfit for such work. Also affidavits were made against Jos. Thoman and Joseph Tripp, drivers, on the same line for cruelly cutting a mule with a whip lash.

It is important to keep the liver and kidneys in good condition. Hood's Sarsaparilla is the remedy for invigorating these organs.

CAPTAIN MOSS HONORED.

His Friends Take it on Themselves to Make a Presentation.

As an evidence of the good will of the entire German population of the city, Captain A. T. Moss, recently elected to the school board, was yesterday presented with quite a beautiful picture of himself.

He was escorted by a committee of gentlemen, composed of Messrs. E. F. Hoppe, E. F. Delbondio, Judge John F. Walle, Ernest Pragst, Otto Thoman and a number of other well known gentlemen, to the rear rooms of Vonderbank's and there presented with the picture. The picture is a very large one, and an exact likeness of Captain Moss, save that he was attired as a small boy, and was eating the larger part of a watermelon, which was designed to show him the possessor of the larger vote in the contest for member of the school board. There was a small negro boy standing by, who had no melon at all, whose face was the picture of abject grief. The picture, besides being quite a piece of art, was very significant, and was very highly appreciated by Captain Moss.

The gentlemen in the party, after assuring Captain Moss of their estimation and regard, invited him to partake of an informal banquet, and the entire affair thus passed off most pleasantly.

STILL OUT.

No Settlement Reached in the Cigarmakers' Strike.

A committee from the striking cigarmakers met Mr. Isadore Hernsheim yesterday and after some talk it was found that no amicable settlement could be reached and the committee withdrew. There will be a meeting of the executive committee to-day at the Economy Hall to discuss the situation.

The Paper Hangers.

Last night there was an important meeting of the local paper-hanger's union in the hall at the corner of Perdido and Carondelet streets. The meeting, although a regular monthly meeting, was devoted mainly to the discussion of the recent trouble between the Walter Scott decorating firm and the employes of that establishment. The business transacted in the meeting was kept secret, but it was given out that there would be no weakening in the ranks of the paper-hangers.

The trouble, so the workmen claim, was brought about by the Scott Company in asking the paper -hangers to work for a reduced figure on big tasks. This they refused to do as it meant a great loss to them and if they acceded to the demands of the Scott Company, naturally the other decorating firms would ask for the same reduction. The members of the Scott firm would not listen to anything else, they claim, and consequently a strike was ordered and as matters stand there will be no settlement for some days to come.

When the union men quit the establishment two workmen, who did not belong to the union consented to work at the reduced figure, but they have repented and last night one of them attended the meeting and said that it was his intention to join the union.

THE ELECTRIC CARS.

An Armature Again Burns Out and Causes Trouble.

The joy of the railroad people at being able to start the electric cars at full on the Canal and Judah Hart roads was turned to sorrow yesterday, for on Wednesday night an armature burned out at the electric light plant and only part of the cars could be run yesterday. However, Mr. Litteil said he thought the power would be all right in time to start the Prytania cars on Saturday. Everything else was ready and he was only waiting for the company to give the power.

Regarding the painting of the cars, Mr. Littell said that he was trying to arrange the roads for the greatest convenience of the public. The signs would be large and when everything was complete he had no doubt that everybody would be pleased with the new system. For instance, on Camp street there would be the Camp and Prytania cars and the Magazine cars. On the front of the former there would be an enormous "P," and on the Magasine a similarly large "M." These would show anybody, even if too color blind to see the small signs, what car it was. The cars so far are painted different colors, but it was the intention to paint them all alike.

Regarding the presence of the Clay monument in Canal street, Mr. Littell said that the companies would be perfectly willing to have it stay where it is and that it would not be in the way if the greater part of the base was removed and the remainder, with the railing, left where it is.

The Father Hubert Circle of St. Margaret's Daughters.

In conversation with Mrs. Wm. J. Behan yesterday, Woman's World and Work elicited the interesting information that the new circle of St. Margarets' Daughters, which Mrs. Behan proposes to form for the purpose of devoting itself to work in the Soldiers' Home, will be organized shortly, illness in Mrs. Behan's family alone having prevented the organization before this. As previously stated in these columns the circle will be appropriately named in honor of the soldier chaplain of the Army of Northern Virginia, "The Father Hubert Circle." This circle is the first memorial organization to the lamented priest.

The Columbian Medal Souvenirs.

Some time ago it was stated in this department that the Chamber of Commerce intended to present Mrs. Belle H. Perkins and Miss Katherine Minor, the indefatigable commissioners from Louisiana to the world's fair, with gold Columbian souvenir medals, in recognition of the good work they had performed in behalf of their native Louisiana. Colonel Robert Bleakley, secretary of the Chamber of Commerce, stated the other day that as soon as Miss Minor, who is now in New York, returned to the city the presentation would take place. It will be quite an event, and it is understood that Governor Foster is to make the presentation in behalf of the Chamber of Commerce. This is a worthy recognition of the earnest labors of these two excellent women in making the Louisiana exhibit the success it proved.

Novelty in Curtains.

Lace insertion set in the middle of the silk curtain is one of the new things in vestibule curtains, and is really very charming. A New Orleans woman, who has adopted the new mode, says that the habit of tying the silk so as to form a double fan, and that of painting it in the center, are both bad, and give a fantastic look to the door, yet one solid curtain often leaves the hallway dark. This four or five-inch strip of handsome, heavy lace admits additional light, and adds to the beauty as well.

The Teachers' Library.

The library of the New Orleans Educational Association has been completely reassorted by Miss Evelyn Waldo, librarian, and in view of the reopening of the public schools books will be in demand. A meeting of the teachers has been called for to-morrow morning at 11 o'clock, and subjects of importance to the corps and the association generally will be discussed. The hours will also be fixed for obtaining access to the library.

Colors for Blondes and Brunettes.

The new colors for this season, says a Canal street dealer, are Francaise red, cornflour blue and Lincoln green. Cornflower blue is a very trying color, and only the blonde with golden hair, verging on red, may wear it, while the new red evens off things a bit, for no blonde can wear it, while any brunette may assume it without the slightest hesitation.

A Little Queen's Wardrobe.

The queen regent of Holland wears the plainest kind of clothes, but spends much time and thought on her little daughter's toilettes. Queen Wilhelmina wears nothing but material of the most exquisite texture and all her linen has the "W" and the crown beautifully embroidered upon it.

Uses for Tag Ends.

After all, what a comfort it is to be rid of the tumbled summer finery and plunge into "solid" fall dresses. But don't be led to throw away the touseled gauzes and taffetas that will freshen up. Send them to the cleaners and when they come home lay them away ready for refurbishing next summer. This is much wiser than waiting till next spring for the cleansing. Rip up the things that will not stand remaking, wash them at home, press or sponge according to material and delapidation, and lay away for accessory use for the coming seasons. The fall styles are by no means so plain that such bits will prove useless, but the most favored garniture in the autumn dresses is galoon, which is shown in great variety. The ornamentation of the jacket bodice in the costume pictured is composed of embroidery of gray silk and steel spangles and looks very rich and handsome. The fitted plastron laps over under the loose jacket front, the fronts being let into the side seams and leaving double revers, the upper one and the standing collar being embroidered to match the plastron. The full sleeves are plain and a narrow black velvet belt fastens invisibly on the left side. The material is steel gray peau de sole, and the plain skirt is very wide and laid in godet pleats in the back. It is lined with faille and has stiffening in the bottom.

As if it were not bad enough to be compelled to button gaiters and gloves without having to stop right in the street if a rain came up and button the hem of a gown, the dressmakers are coming forward with a walking skirt which turns up all around the hem, and has a buttonholed band at the edge, which adjusts the skirt to a row of buttons set on the outside. If they will only arrange it so that the gown may be made permanently buttoned the observer will be spared the anguish of thinking the skirt really is a short one.

AMUSEMENTS.

The attraction at the Grand Opera House is still Bobby Gaylor, the Irish comedian, in "Sport McAllister. To-morrow there will be a matinee.

Joe Ott, "The Star Gazer," had an immense matinee yesterday noon and a big house last night. There will be another matinee on Saturday.

The Barlow, Dolson and Powers Minstrels are at the Academy of Music.

"Our Uncle Dudley," a new comedy, will be at the Grand Opera House on Monday night.

The next attraction at the St. Charles Theatre will be "The Hustler," which is known and well liked here.

On Sunday night at the Academy of Music a new farce comedy, "4-11-44," will be seen for the first time in this city. There will also be another novelty in the production of Prof. Kilanyi's living pictures, which have made such a great hit in the north. Prof. Kilanyi will arrive to-day to arrange for the proper presentation of his pictures.

RESTORED TO HER HOME.

Miss Bertha Colomb Found Through an Advertisement.

Miss Bertha Colomb was restored to her anxious family yesterday afternoon. The unfortunate young woman, who is slightly demented, wandered off from her home last Tuesday morning about 8 o'clock. The most diligent search proved unavailing until yesterday, when a young man, who resides at the corner of Jackson and Laurel streets, noticed the advertisement in the Picayune, requesting information concerning her whereabouts.

It appears that after wandering aimlessly through the streets, and discovering that she was lost, applied to Mrs. Videan, who resides at the corner of Jackson and Laurel. The kind-hearted lady, realizing the mental condition of the girl, gave her a home and cared for her, but was unable to elicit any intelligible statement from the unfortunate stranger as to who she was or whence she came. When Mrs. Videan saw the advertisement in the Picayune she dispatched her son to the address given, and thus it was found that their strange visitor was Miss Bertha Colomb.

Contents of residence by auction this day at 318 1-2 Second street, corner of Carondelet.

CUSTOM-HOUSE NOTES.

A Shaft for Chalmette.

Commissioner William Wright yesterday received a letter from Lawrence O'Brien, of New Haven, Ct., informing him that that state had voted $1000 to the regiment in which Colonel Wright served, to be used in the erection of a monument in Chalmette cemetery. Colonel Wright is requested in the letter to find a suitable location in the cemetery.

At a bnquet given by the Grand Army in New Haven a letter was read from Colonel Wright and heartily cheered.

Not for Free Sugar.

A typographical error in the report of Collector Wilkinson's speech at Pointe-a-la-Hache yesterday, made that gentleman say that Secretary Carlisle was for free sugar, when it should have been that the secretary was against free sugar. A reading of the context shows the error.

A Judgment for Taxes.

Deputy Marshal Galbreath yesterday seized the property—buildings and improvements—in the square bounded by Peters, Erato, Galennie and Tchoupitoulas streets. It belongs to Charles A. Snyder, who resides in Virginia and is seized in accordance with the mandates of the United States supreme court, issued Jan. 2, 1894. The suit for taxes was begun by the government in April, 1885. Deputy Marshal Galbreath executed the writ of fieri facias.

A Seizure of Shells.

Customs Inspector N. Cousin yesterday seized three cases of tortoise shells found on the steamer Hiram, from Bluefields, and not on the manifest of the vessel. They belonged to Samuel Weil, of Bluefields, who came up on the ship. They were sent to the seizure-room.

BAZAR GLOVE-FITTING PATTERNS.

HINTS BY MAY MANTON.

6129. Ladies' Basque.
4050. Ladies' Skirt.

LADIES' HOME TOILETTE.

Purple vicuna is here handsomely combined with white cloth, making a stylish toilette that is suitable for home or street wear. The vest, rever, collars, cuffs and standing collars are of white cloth, delicately embroidered with gold braid; narrow bands of the same decorating the tablier drapery. The drapery falls in wrinkled fullness across the front, from plaits laid over the hips, the back being extended to form a short ripple basque. Soft silks or woolens that cling to the figure are best adapted to this style, also the pretty cotton fabrics, such as sateens; challies, crepons, or like flexible materials.

Basque pattern, cut in five sizes, 32, 34, 36, 38 and 40 inches bust. Skirt pattern cut in five sizes, 22, 24, 26, 28 and 30 inches waist.

The above design is one selected from our choice assortment of 24 new patterns obtained by special arrangement with the publishers of the celebrated BAZAR GLOVE-FITTING PATTERNS, by which we can present to our lady customers some of their very newest and choicest patterns of garments.

Full and explicit directions for putting together the garments accompanying each pattern.

You must use the Picayune coupon printed on page 2 (which is our contract with the publishers), otherwise the pattern will cost you 25 cents.

COLORED FASHION PLATE WITH EXPLANATORY KEY 10 cents extra. By mail 2 cents extra, when accompanied with 3 Picayune coupons, presented at
